Diving into this exciting course provides you with the foundational skills needed for future careers in game development, web design, military defense and software engineering. You'll explore Microsoft Office online applications, digital design, emerging technologies, Information Technology careers, and much more! Learn your strengths and how they relate to potential career opportunities. This course serves as a prerequisite to many career and technical education programs of study.

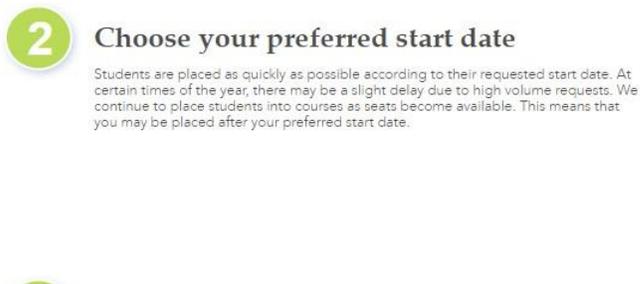

First, choose the level (helps narrow the search)

Next, choose the course (digital information technology was chosen)

7. Be sure to choose “2” segments (A segment is approximately a semester in length and to earn the 1 credit (high school only), you must complete **both** segments)

8. Choose the preferred start date (Students taking a virtual course during the school year should choose the first day of the semester you are wanting to take the course) 9.

10. Choose the virtual school you would like to take (**ALWAYS** choose SCVS if it is available!) and click continue

11. Answer the questions (based on your child) and hit continue

The screenshot shows a survey form with three questions. Question 1 is a multiple-choice question with 14 options. Question 2 is a single-choice question with three options. Question 3 is a dropdown menu with an 'Other' option and a text box for a referral code. At the bottom, there are 'Back', 'Continue', and 'Chat With FLVS' buttons. The Windows taskbar is visible at the bottom of the screen.
